WHAT YOU WILL LEARN

The simplest definition of a Fierce Conversation is one in which we come out from behind ourselves, into the conversation, and make it real. While many fear "real", it is the "unreal" conversations that ought to concern us because they are incredibly expensive.

In this two-day workshop participants will learn how to have Fierce Conversations: productive dialogue that interrogates reality, provokes learning, resolves tough challenges, and enriches relationships.

OUTCOMES

- ✓ Confront tough issues with confidence and skill.
- ✓ Ensure that individuals know where they have the authority to make decisions and take action.
- ✓ Provide staff with a clear upward path of professional development and ensure leadership succession planning is actively implemented.

LOCATION

Taabinga State School
Rae Street, Kingaroy
